***FTP-ENHANCED PROGRAM***  
*—Becoming a more prepared MAS*  
*Attendant*

# NOW THAT YOU'RE HERE, WHAT ELSE CAN YOU LEARN?

This program is designed for the MAS attendant who is all ready on the service and has completed the FTP-Basic program.

This course will further develop the confidence and skill level of current members so that they may become more effective attendants and be more capable of running an emergency scene with organization and encouraging cooperation amongst members.

## WHAT WILL THIS COURSE TEACH ME?

---

This program will cover the following enhanced topics:

**Phase I:** Assessment based management

**Phase II:** PCR Documentation

**Phase III:** ACLS for the EMT-Basic

**Phase IV:** Advanced driving and CEVO techniques

## HOW IS THIS COURSE TAUGHT?

---

This program is generally taught over the course of four (4) nights, each lasting approximately three (3) to four (4) hours. There is both practical and classroom instruction to further enhance the points of interest in the class

*Attendants should come away from this program with an enhanced knowledge of basic skills and an increased awareness about their performance on calls.*

## WHAT IS PROVIDED IN THE PROGRAM?

---

Each student will receive the following:

- Student Manual
- Web address for the on-line quiz locations
- ALCS for EMT-B manual

## WHO SHOULD TAKE THIS PROGRAM?

---

All current members of the service who wish to increase their basic knowledge base of EMS.

## HOW CAN I APPLY FOR THE PROGRAM?

---

Interested attendants may go on-line to [WWW.milford.nh.gov](http://WWW.milford.nh.gov) and click on “ambulance” under the departments section and register on-line under the admissions section. Otherwise, interested personal should contact the BLS/FTP Education Coordinator at the number listed below. This program is open to outside members from other services.

*For more information contact the number below and ask for Chris*
